**Mr. Vincent Pecora**

In our years at MMCS we have tried to achieve much, striving for what was best for our class. Without the help of one special person, we could never have made it. Greeting us each morning with a friendly smile, our happiness was the main objective. Always ready with sound advice, our problems, no matter how big or small, were half solved. Putting us first and trying to keep up with our generation has built our great relationship. We are his children and often wish, as he does, that we were small enough to ride home in his pocket. Thus, we the class of '73 take great pride in dedicating our yearbook to Mr. Vincent Fecora, our teacher, our advisor, and most important of all, our friend.

Get out and leave me alone!

Hey! What's the big idea?

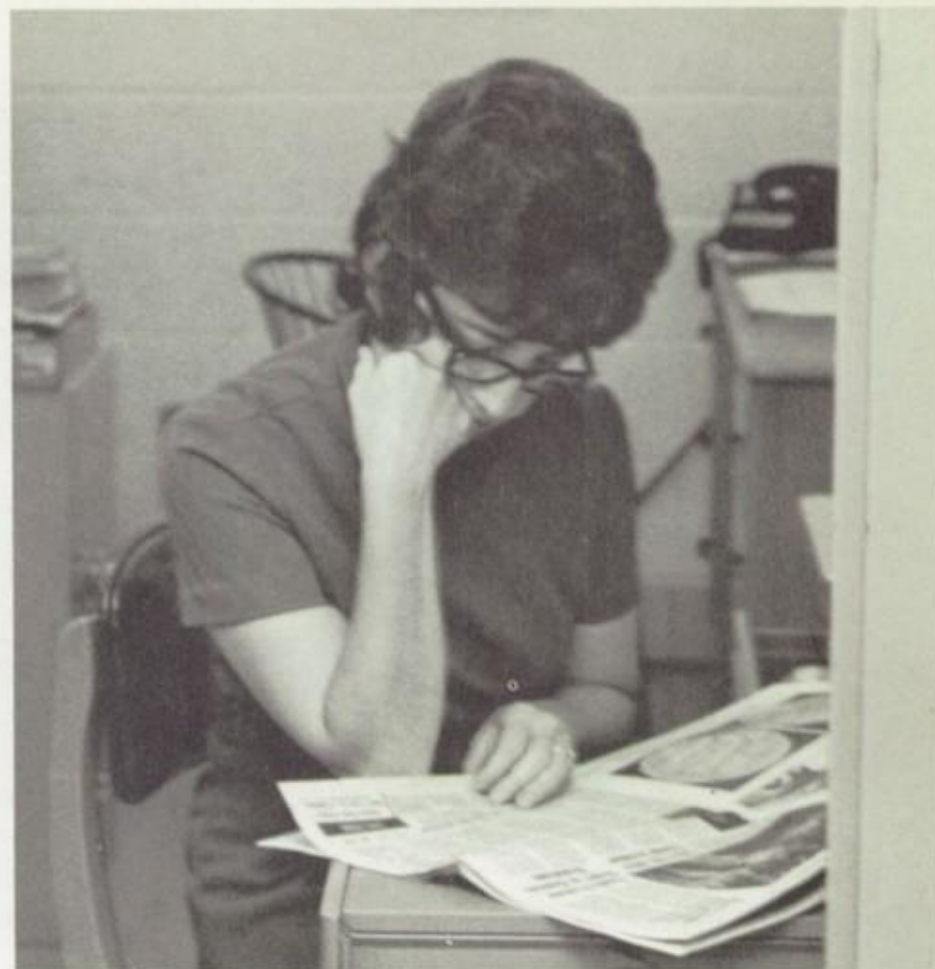

Don't look now, but do you see what I see?

I'll get you now, you little devil!

Hm, let's see. In the 8th race. . .

Come and get it!

Wheee!

As we grow older, we become more aware of those near us. Whether they are people who lift us to the sky with a smile, or those who cast us aside with a word. There are people who depend on us and those who exploit us. All around us, there are people — people are our lives.

# Adventures in Italy

## March 31-April 9, 1972

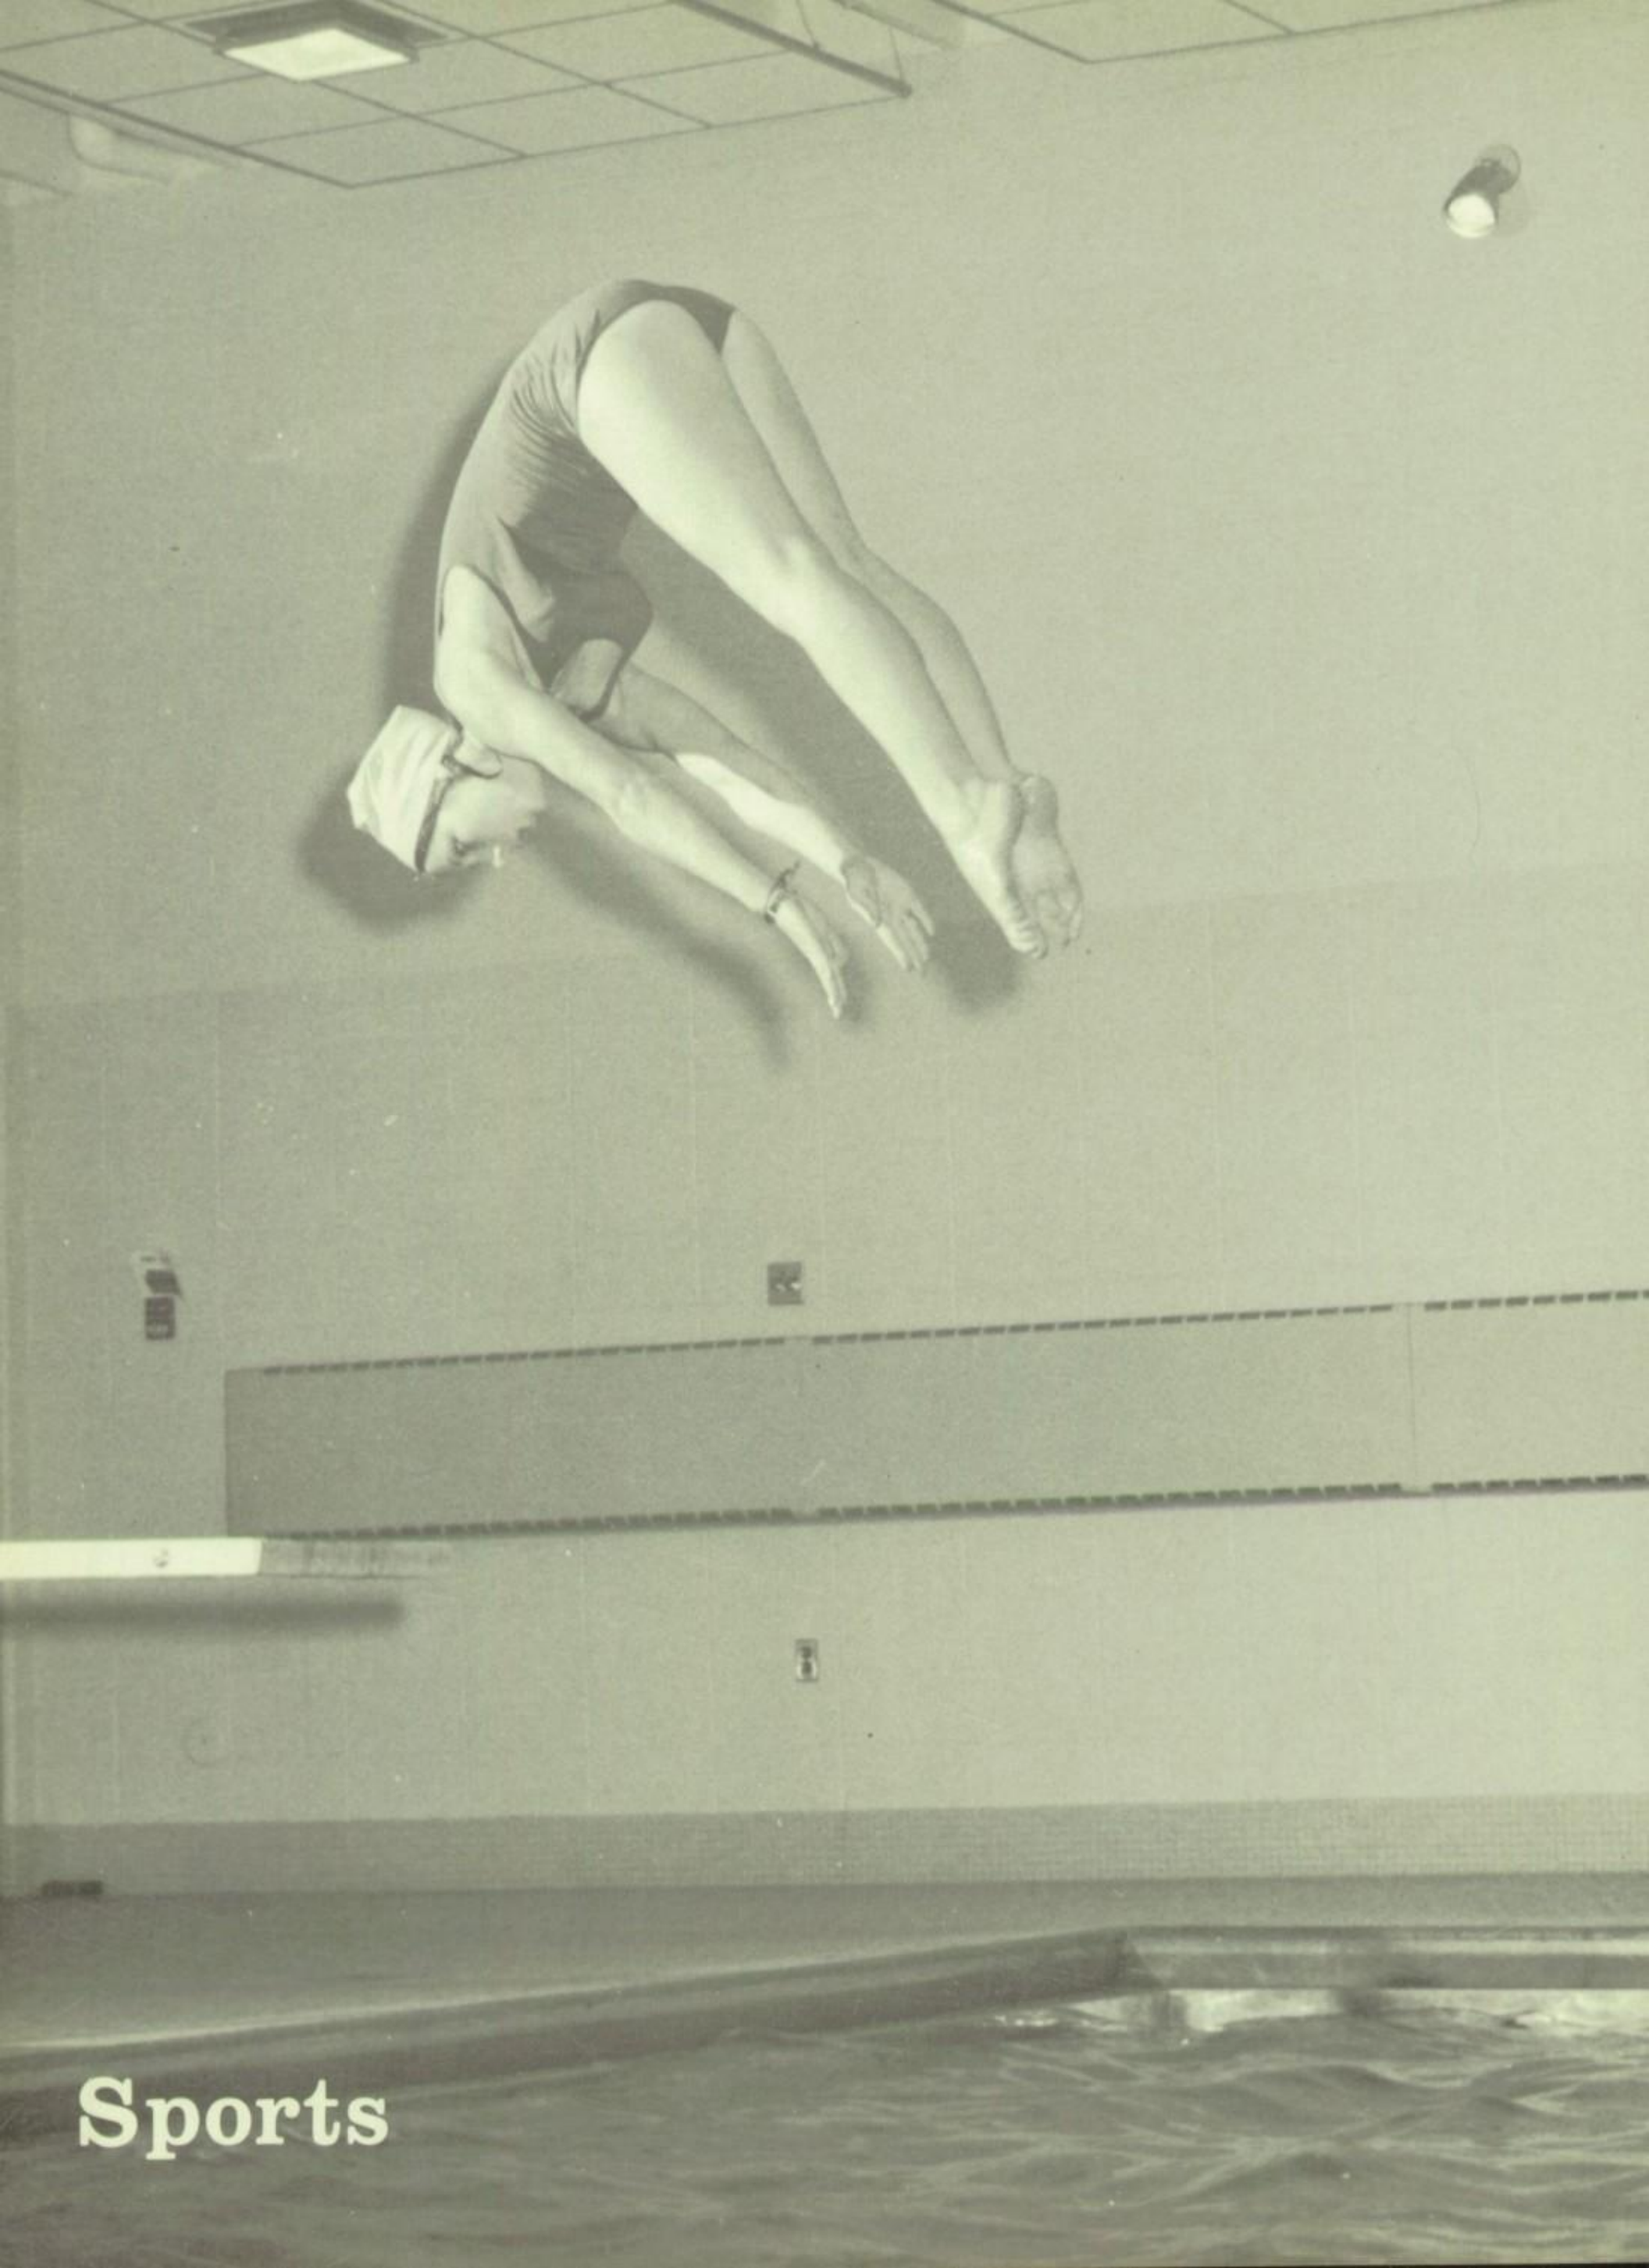

In the fall of 1971, a group of Latin students started talking about a trip to Italy. Fifteen students and their chaperone, Mr. Orologio, spent a memorable ten days in Italy, during Easter vacation. The group experienced such events as Easter Sunday at the Vatican, a visit to the ruins of Pompeii, an evening ride on the canals of Venice and a ride on the Appian Way. The tour included the cities of Rome, Naples, Florence and Venice. The trip was not only educational, but also a wonderful and exciting experience.

## "Oliver" April 14-15, 1972

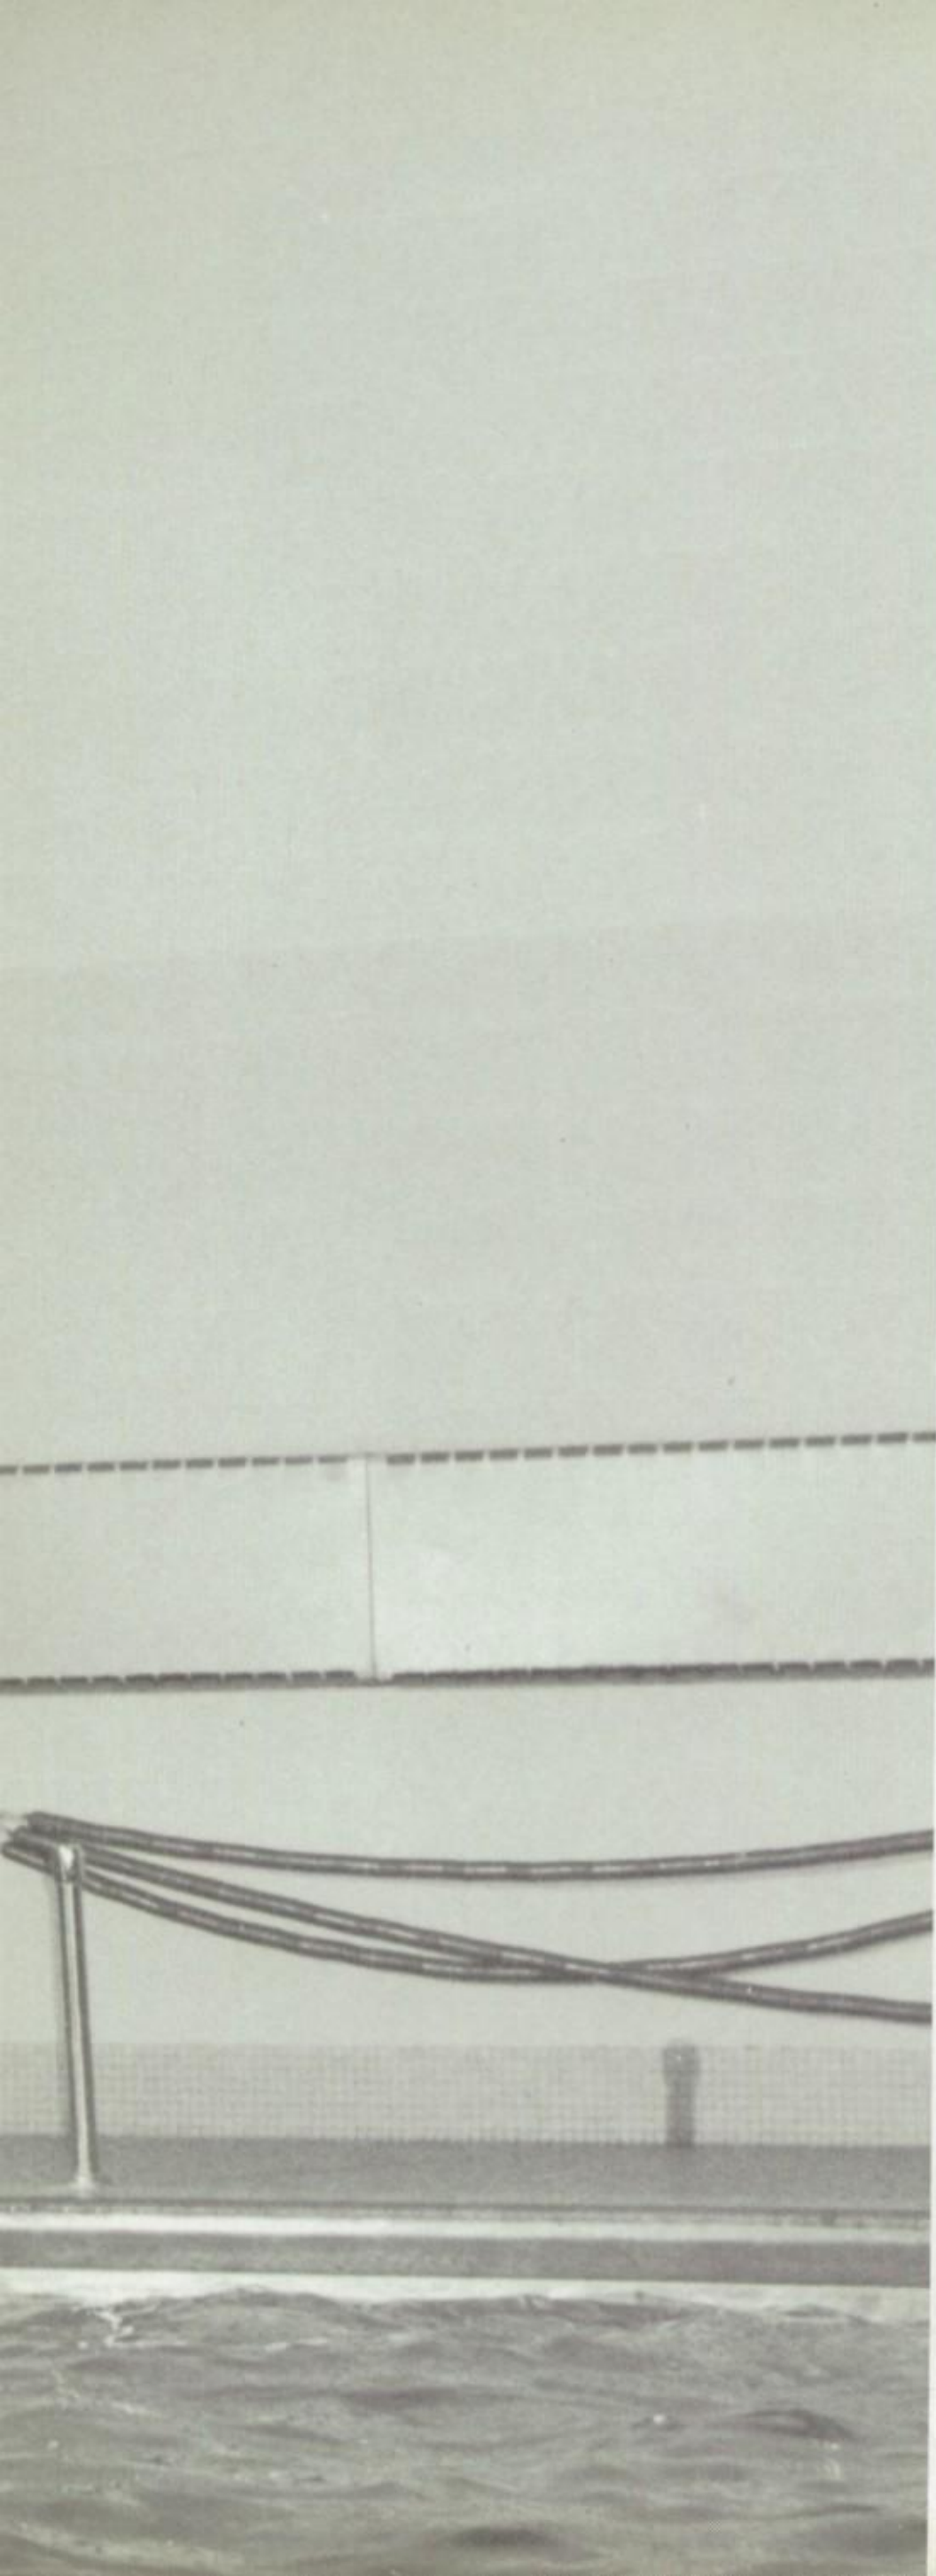

On April 14th and 15th, the musical play, "Oliver", was presented in the Mt. Morris Central School Auditorium. This was the first that such a project was attempted at Mt. Morris. Long hours were put in by the cast, made up of MMCS students, and the directors, Mrs. Lindsey and Mrs. Wolfanger. Because of the help and cooperation of many, many people, the play was an amazing success.

**Sports**

Can you picture Mt. Morris without sports? No, because every person should have some association with athletics — as a player or as a spectator. A victory always brings great satisfaction, but what's more important is the way the game is played. Participation in sports develops not only the body, but also the mind of an individual. From this comes the ability to accept winning and losing. This helps to prepare for life — a game of winning and losing. People live to win, but they learn to live by losing.

**Seniors**

As we approach the end of our high school days, we realize how fast the time has gone. Although we thought we'd never see the day when we were no longer subject to class bells, pushing in the halls, or that time when we'd say good-bye, it is here. We have experienced much, helping, loving, studying, challenging, knowing, sharing, and living. Yet there is much in store for us in the days to come. Graduation is an end, but also a beginning of a new life for us. It is a gateway to the pathways unexplored.

# In Memoriam

**Martin Weipert**

We, the Senior Class of '73, decided to express to the memory of Marty Weipert, our love and appreciation of a friend gone by. We would like everyone to understand that we were his friends, and his memory cannot be forgotten. Everyone who knew Marty liked him and considered him a friend. But everyone remembers him in their own way. We don't want to write how we saw him, because he was different to everyone, but all got the message of love and understanding. He was a friend.

There is nothing more to be said about Marty. When you love something and you lose it, you should be happy that you are left with the most precious and intimate gift of all . . . . . personal memories.

## A FIRST BY VARDEN Student Yearbook Photographers Workshop "a Fantastic Success"

In August of 1972, Varden Studios sponsored a workshop for student yearbook photographers which was held on the St. John Fisher College campus in Rochester, New York.

One hundred and forty students and yearbook advisors took over 12,000 photographs during a 3 day period. All photos were processed and critiqued during the workshop. In addition to this, everyone enrolled attended 4 theory lectures, 5 one hour talks by top men in their fields, 2 slide shows by Kodak, a tour of the Rochester Institute of Technology photo department and also found time for a cookout and several social hours which included an all night rap session.

Everyone was asked to fill out sheets

to evaluate the workshop. Some of the comments were: quote "I hope I flunked so I can return next year" by Laurie Chapman, Amsterdam High School, Albany, New York. "Varden should conduct workshops, again, again, again and again" by Terry Tiraborelli, Fairport High School, Rochester, New York. "I thought the whole workshop was fantastic" by Kathy Beerhalter, John F. Kennedy High School, Utica, New York. "I believe that this workshop, the knowledge and commitment that is involved, has broadened our minds not only as photographers, but also as adult human beings, who can work together to obtain a more advanced form of communication" by Craig Gross, Corning-Painted Post East High School, Corning, New York.

**Workshop '73 has already been planned. For information, call or write Mr. Carl Tandoi, Varden Studios, Inc., Rochester, New York 14607. Phone 546-2360. We hope to see you there.**

Photographs . . . The Heart of Your Yearbook

*The company with the WORKSHOP*

As you look through the pages of this book, you are viewing the results of many hours of hard work and considerable efforts. You probably don't realize what it's like to put out a yearbook, unless you are a member of the staff. It all started last spring, deciding on the number of pages, quality of the paper, and just what was to be in it. Collecting ads was next and when school started, we began taking pictures. When working on layouts, many ideas have to be taken into consideration, and changes are frequently made to make something more effective. Checking and re-checking, a boring job, takes time and patience. Lastly, meeting the deadlines brings the work to an end.

Now that all the work is done, we can enjoy the finished product, but if it weren't for one person, there wouldn't be any yearbook. Constantly striving for the best, pushing to meet deadlines, suggesting new ideas, listening to our almost impossible "brainstorms", worrying about the budget, and keeping peace among the staff, our advisor has been tremendous. Our sincere thanks to Mr. Schornstein, for all he has done.

Next our thanks to the administration and faculty for their utmost patience with all the interruptions and excuses from classes.

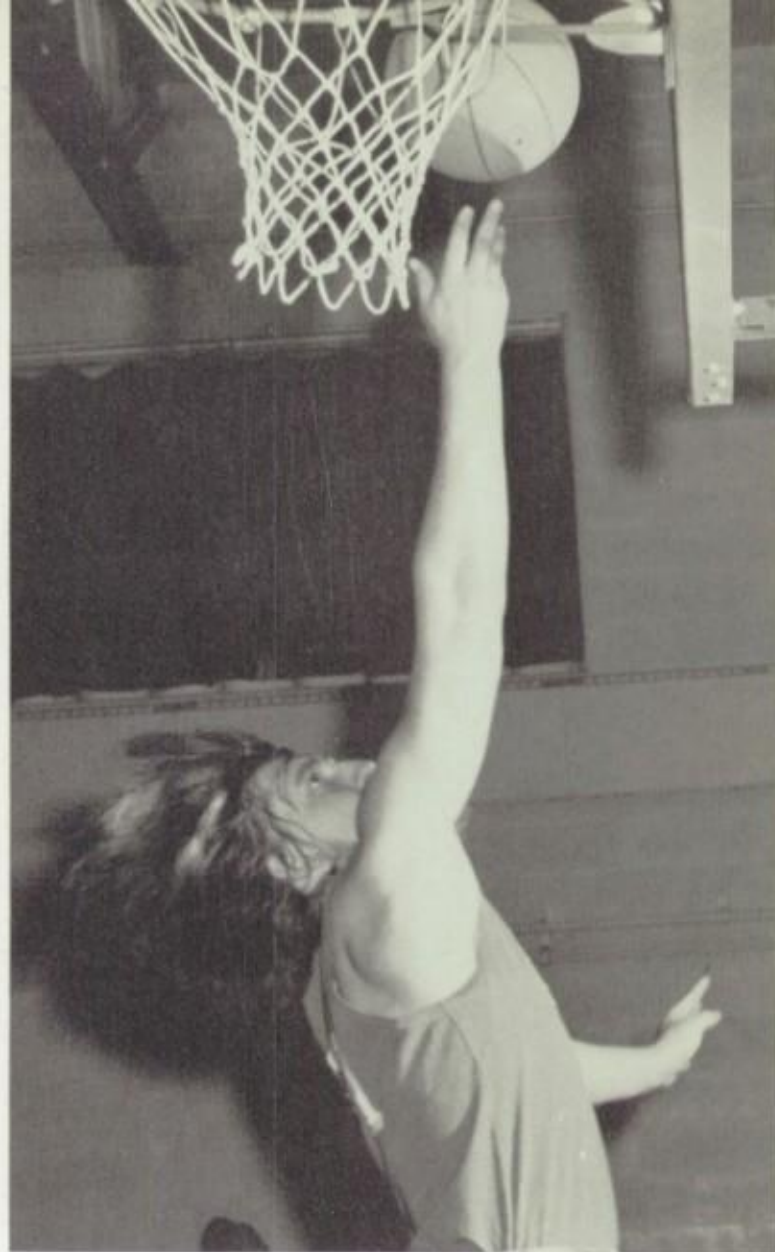

To the custodians for opening doors at all hours of the day and night, our appreciation.

A great thanks to our patrons for their outstanding support of the '73 "Heights".

To the staff who worked outstandingly hard on this yearbook, we, the editors, thank you. Without their help, we could never have put out the book we did. Jean and Lori put in much time, taking care of the financial matters and helping with all the odd jobs. Ann Zanghi, Carol Nickson, and Janice DiGioia worked furiously on the layouts to help us meet the deadlines. Gail Zangerle and Barb Hopkins did all the typing, and at such short notice. Mark Hilts, Jim Parlavecchio, Joe Muscarella, Chuck Argenna, Andy Long and David Olverd helped with the photography. Last, but not least, Dan Run-fola was there whenever needed and added so much to the "Heights".

Thank-you,  
Regina and Kathy  
Co-Editors
